WILL AWAIT TRIAL IN RALEIGH JAIL

Dr. and Mrs. Rowland Apparently Standing Confinement Well. Fed from Jailers' Table.

CAVALIERS' SOCIAL CLUB

Messrs. Julian S. Carr, G. M. Graham, and Others, of Durham, Get Charter.

RALEIGH, N. C., June 19.—The question of whether or not there shall be proceedings for writ of habeas corpus in the cases of Dr. D. S. Rowland and wife, committed to jail without bail to answer the charge of poisoning Charles R. Strang, former husband of Mrs. Rowland, is still unsettled, though the general impression is that no such action will be instituted by their counsel for the reason that they prefer to have their clients await trial in jail, since the July term for which they are committed convenes July 8th. Application for writ of habeas corpus would have the tendency to prejudice the case when the trial is had in the Superior Court.

Jailers Parham says Mrs. Rowland is bearing up under her imprisonment remarkably well. He says she eats heartily and seems cheerful. Friends call on her daily, including Dr. A. H. Moment, pastor of the First Presbyterian Church, who conducted the funeral service of her former husband. The jailers send Dr. and Mrs. Rowland meals from his own table, and they also eat meals frequently sent in by friends.

Cavaliers' Club. The Cavaliers' Club, of the city of Durham, was chartered this morning for civic and social purposes, the incorporators being J. S. Carr, G. M. Graham, H. R. Goodall and about sixty other citizens of Durham. There is no capital stock.

Another charter is for the Dove, Keith, Connelly Co. of Northside, Granville county. Capital, \$20,000. Sought by H. G. Dove and others, to conduct real estate and mercantile business.

Deputy Sheriff Dawson, of Edgecombe county, was here today to deliver to the penitentiary Marshal Davis, colored, for fatally "carving" another negro with a razor.

Rev. George W. Lay, the newly-elected rector of St. Mary's School, to succeed Rev. McNeely Du Bose, is not expected here to take up his duties until September, when the fall term opens. He is a son of the late Bishop Lay, a graduate of Yale and the General Theological Seminary, New York, and has been with St. Paul's School, Concord, N. H., for twenty years as one of the masters. His wife is a daughter of the late Admiral Balch, and they have an interesting family of seven children.

BRICK MASONS' STRIKE.

Demand for Nine-Hour Day Is Refused by Contractors.

[Special to The Times-Dispatch.] SALISBURY, N. C., June 19.—Masons employed on the large new brick passenger station at Salisbury went on a strike Monday, since which time work on the building has been suspended. The cause of the strike is the failure of the contractors to respond to the demand of the Bricklayers' Union for a nine-hour day basis instead of ten hours, as heretofore. The union masons propose to fight the matter to a finish, while the contractors are saying nothing. The passenger station here is to cost \$100,000, and about a year will be required for the completion of the building.

CITY CLERKSHIP TOO SLOW.

Former Railroad Man Resigns and Returns to the Old Life.

[Special to The Times-Dispatch.] SALISBURY, N. C., June 19.—J. W. Hildouette, who was last month elected City Clerk by the Salisbury Board of Aldermen, resigned his position yesterday to return to a more desirable position with the Southern Railway Company at Spencer. A new city clerk will be elected by the Aldermen at a meeting this week.

DEDICATION OF T. P. A. BUILDING

It Was Travelers' Day at Exposition, and Despite Rain They Made Most of It.

HOT RACE FOR PRESIDENCY

Looks Like It Lies Between Howe, Incumbent, and McKenzie.

JAMESTOWN EXPOSITION GROUNDS, June 19.—Quite the biggest thing at the exposition to-day was the dedication of the handsome exposition building of the Travelers' Protective Association.

It rained and rained, but the enthusiasm of the Travelers and those who celebrated with them was not dampened. They made their way about the Exposition Grounds regardless of the downpour, which made a gloomy picture and kept others away. The day was officially designated as "National T. P. A. Day."

The business of the convention of the T. P. A. being held in Norfolk was suspended for the occasion, and the entire day turned over to the exposition exercises. The Travelers left Norfolk on three special steamers early this morning. Landing at Deepwater pier, just outside the Exposition Grounds at 10:30 A. M., members of the convention formed a column and, headed by a band, marched first to the Auditorium on the Exposition Grounds, where the first numbers on the program of the day were to be disposed of.

In one of his best speeches, Hon. Harry St. George Tucker, president of the exposition company, welcomed the visitors to the exposition.

A ringing response was made by Henry T. Kent, of St. Louis, a brilliant orator, national attorney for the Travelers' Protective Association, and chairman of the Missouri Commission to the exposition. Both speakers were introduced by E. R. Barksdale, president of Post B, T. P. A., of Norfolk.

Dedictory Exercises.

The dedicatory ceremonies at the building followed. Rev. Homer T. Wilson, of San Antonio, Texas, national chaplain, made the dedicatory prayer. This was followed by musical selections by S. M. Fabian, of Washington, D. C.; Mrs. H. A. Beach and Mrs. Blanche Armstrong-Weischenberg. Addresses by J. M. Porter, of Clinton, Ky., and W. H. Sargent, Jr., of

boards in States where they now obtain. A resolution was also passed protesting against the claims of Osteopaths, Christian Scientists and other healers.

Officers of the Institute elected to-day are as follows: Royal S. Copeland, of Ann Arbor, Mich.; president; W. E.

MAJOR RICHARD SYLVESTER, Head of Washington police and president of International Association of Chiefs of Police, now meeting at the Exposition.

Norfolk, were next on the program, and the benediction by Rev. J. J. Gravatt, of Richmond, concluded the exercises at the building.

From the Exposition Grounds by steamers at 5 o'clock the Travelers went direct to the Garrett Winery, in Berkeley Ward, for a roof-garden party on the big building and under the biggest clock in the world.

Candidates still in the field for president of the Travelers' Protective Association are Thad H. Howe, of Chicago, incumbent; Louis Ochs, of New Orleans, and Ambrose E. McKenzie, of Denver, but it was said to-day that the election, after last night's conference, rests between Howe and McKenzie. Louis T. Logan, of St. Louis, and T. Schuyler Leban, of Lafayette, Ind., are both claiming the victory in the contest for the office of secretary-treasurer.

The Travelers adopted a resolution making it imperative before any post or State division can extend an invitation to the national organization to meet in any city that hotel and board

ing-house rates must be presented, bearing the signatures of the individual proprietors, and witnessed by three members of the T. P. A.

The business of the convention will be continued to-morrow morning at 9:30 o'clock in Armory Hall.

STRONG PROTEST OF HOMEOPATHS

American Institute Takes Shot at Claims of Osteopaths and Christian Scientists.

[Special to The Times-Dispatch.] JAMESTOWN EXPOSITION GROUNDS, June 19.—The American Institute of Homeopaths in convention at the Inside Inn at the Jamestown Exposition to-day passed a resolution specifying that the Institute insist that an examination in materia medica and therapeutics be a necessary part of the test for license in the practice of medicine and recommending that members of the school of homeopathy holding positions on examining boards discontinue reciprocity with all States not having such examinations. Another resolution places the Institute on record as insisting on the relation of separate examining

boards in States where they now obtain. A resolution was also passed protesting against the claims of Osteopaths, Christian Scientists and other healers.

BANKERS COME TO EXPOSITION

Fourteenth Annual Session Will Begin To-Day—Brilliant Reception To-Night.

[Special to The Times-Dispatch.] JAMESTOWN EXPOSITION GROUNDS, June 19.—Bankers from all parts of Virginia arrived at the Inside Inn, on the Exposition Grounds, to-day and to-night for the fourteenth annual convention of the Virginia Bankers' Association, which will be called to order in the Inn at 10 o'clock to-morrow morning by A. POLICE CHIEFS; THEIR PROBLEMS

Growing Evil of Carrying Concealed Weapons Is Earnestly Discussed by Them.

JAMESTOWN EXPOSITION GROUNDS, June 19.—The second day of the convention of the International Association of Police Chiefs was opened by the reading of a paper from Chief John H. Downey, of Detroit, Mich., on "Politics in the Department." This paper was followed by a lengthy article by Chief Hyden, of Rochester, N. Y., treating of the efficiency and desirability of the law which would enable the police departments to more ably cope with species of increasing lawlessness, such as carrying a concealed weapon. This brought forth argument for and against the proposition by many prominent police chiefs from all parts of the country.

The meeting adjourned at 12 o'clock. The chiefs this afternoon assembled at the Pine Beach Hotel, and from there went on a trip to Old Point Comfort, Fortress Monroe and the Hampton Normal Institute.

JULY FOURTH PROGRAM.

Innes, Band Manager, Will Present Military Musical Phenomena.

[Special to The Times-Dispatch.] JAMESTOWN EXPOSITION GROUNDS, June 19.—The Innes Band, which plays here on Friday and Saturday nights, begins a month's engagement with the Jamestown Exposition Company Monday.

Manager Innes has been asked by

the exposition management to arrange for a great celebration for the Fourth of July on the Exposition Grounds. Mr. Innes, who is to have charge of the day's celebration, has prepared and submitted to the management an elaborate program, which has been fully approved. Mr. Innes has had a wide experience in arranging musical spectacles, and at the exposition he will present "American," a military musical phantasia, in which will take part a large number of civilians and the entire military and musical departments of the exposition. The entertainment will be a patriotic one, suitable to the occasion, and it is anticipated that the record for attendance at the fair will be broken on this day.

Missouri Cadets Leave.

[Special to The Times-Dispatch.] JAMESTOWN EXPOSITION GROUNDS, June 19.—The Missouri University Cadets, 250 strong, under command of Captain Frazier, Fourteenth United States Infantry, broke camp this morning and left for their homes. The cadets have been in camp here for the past eight days, and have made many friends. They will be missed from the military contingent at the exposition, but the cadets have been in the line of duty, and it is anticipated that the record for attendance at the fair will be broken on this day.

Supreme Court Proceedings.

[Special to The Times-Dispatch.] WYTHEVILLE, VA., June 19.—Proceedings in the Supreme Court of Appeals to-day follow: Douglas, C. vs. Thayer & Co. Argued by Daniel Triggs for plaintiff in error, and Penn. for defendant, and submitted.

V. and R. W. Railway Co. vs. Hollingsworth. Argued by Joseph L. Kelley for plaintiff in error, and Judge Bond for defendant, and submitted.

This closes arguments for this term, the remaining cases on the docket being submitted on briefs.

Friday the law examination will be held.

S.S.S. REMOVES BLOOD HUMORS

When the blood is pure and healthy the skin will be soft, smooth and free from eruptions, but when the blood becomes infected with some unhealthy humor the effect is shown by rashes, eruptions, boils and pimples, or other disfiguring and annoying skin disease. The skin is provided with countless pores and glands which act as a drainage system to rid the body of impurities through the perspiration that is constantly passing through these little tubes. There are other glands that pour out on the skin an oily substance to keep it soft and pliable. When the blood becomes filled with humors and acids these are thrown off through the pores and glands, burning and irritating the skin and drying up the natural oils so that we have not only Acne, Eczema, Salt Rheum, etc., but such dry, scaly skin affections as Tetter, Psoriasis, and kindred troubles. The treatment of skin troubles with salves, washes, lotions, etc. is not along the right line. True, such treatment relieves some of the itching and discomfort and aids in keeping the skin clear, but it does not reach the real cause of the trouble, which are humors in the blood, and it can therefore have no real curative effect on these skin affections. S. S. S., a gentle acting and perfect blood purifier, is the best and quickest treatment. It goes down into the blood and removes the humors, fiery acids and poisons from the circulation, cools the overheated blood, and by sending a fresh stream of nourishing blood to the skin permanently cures skin diseases of every character. S. S. S. is made entirely of health producing roots, herbs and barks, and is an absolutely safe remedy for young or old. S. S. S. cures Eczema, Acne, Salt Rheum, Tetter, Psoriasis, and all other disagreeable and unsightly eruptions of the skin. Special book on Skin Diseases and any medical advice desired furnished free to all who write.
